**LIFE PROLONGED INDEFINITELY.**

We know little of the life of early mankind, but we are reasonably sure that some lived to be 500 and up to 900 years of age.

Many young men will laugh at this advice and warning now, but when older will mourn and regret their early indiscretions.

The wise man of old said: "As a man thinketh in his heart so is he." If you permit no thought of disease and death to enter your mind you will have accomplished nine-tenths of the battle to stave off these foes. Tight clothing must of course be absolutely discarded.

The spark of life is to be accepted as a sacred trust to be transmitted undimmed to future generations.

**LAST Exit**

(die on a hilltop.. eyeing the crows. waiting for your lids to close... but you want to watch as they peck your flesh.. Ironic that they go for the eyes first...)

Let the sun shine, burn away my mask... 3 days, maybe longer...  
shed my skin at last

Let the ocean dissolve way my past... 3 days, not much longer..  
wont ever find me here

(once resigned, dictating your demise seems only fair. built in effect of the system.. control. If one cannot control his life, will he be driven to control his death?..)

Let the o-Cean dissolve way my past. 3 days, maybe longer  
wont even know I've left

let the sun climb, burn away my mask,... 3 days, maybe longer,...

let my spirit pass:

this is, this is... this is, this is,.. this is, this is,... my

## HEALTH—HAPPINESS

It has been fully tested and proven that children may be born talented or imbecile, with cheerful dispositions or gloomy ones, with kindly natures or harsh and sour ones, according to the will and wisdom of their parents.

Every one raising a family should read and carefully study the article on page 19.

PRESIDENT CLINTON,

I AM OUTRAGED BY THE SHOOTING OF DR. DAVID L. GUNN WHO PERFORMED ABORTIONS. IN SIGNING THIS PETITION I AM DEMANDING FEDERAL INTERVENTION INTO THIS PROBLEM. CERTAIN PRO-LIFE PROTESTERS ARE GOING BEYOND VERBAL PROTEST AGAINST DOCTORS AND PRACTITIONERS WHO PERFORM ABORTIONS AND THE WOMEN GOING TO GET THEM. I BELIEVE IN FREEDOM OF SPEECH BUT THEY ARE OBSTRUCTING WOMEN AND DOCTOR'S FREEDOMS WHICH ARE PROTECTED UNDER THE LAW AS WELL. THESE PROTESTS ON NUMEROUS OCCASIONS HAVE BECOME VIOLENT, CLINICS HAVE BEEN SET AFIRE AND NOW A DOCTOR HAS BEEN KILLED. PLEASE PUT A STOP TO THE HARASSMENT AND VIOLENCE BEFORE MORE PEOPLE ARE HURT.

...if anyone notices if a rock gets close to the window.

It is not true that the red garden will die if a spider crawls at the window of a house.

So that the red eye have been opened, all windows should be opened at the instant of death.

## NIGHTMARE

In this disease the patient, in time of sleep, imagines he feels an uncommon oppression or weight about his breast or stomach, which he can by no means shake off. He groans, and sometimes cries out, though oftener he attempts to speak in vain. Sometimes he imagines himself engaged with an enemy, and, in danger of being killed, attempts to run away, but finds he cannot. Sometimes he fancies himself in a house that is on fire, or that he is in danger of being drowned in a river. He often thinks he is falling over a precipice, and the dread of being dashed to pieces suddenly awakes him.

## MUSCULAR MEN WHY STRONG MEN DIE YOUNG

Scientists tell us that the causes of these strong men's pre mature death is **SELF-POLLUTION.**

There are various names given to the unnatural and degrading vice of producing venereal excitement by the hand, or other means.

Unfortunately, it is a vice by no means uncommon among the youth of both sexes, and is frequently continued into riper years.

The subject is an important one. Few, perhaps, ever think, or ever know, how many of the unfortunate inmates of our lunatic asylums have been sent there by this dreadful vice. Were the whole truth upon this subject known, it would alarm parents, as well as the guilty victims of the vice, more even than the dread of the cholera or small-pox.

D. S. BURTON.

The above is an illustration of D. S. Burton of Harris, Pa., before the habits of secret vice had begun to tell on him.  
The illustration on the following page shows the same young man three years later taken when he had become an inveterate victim of the vice.

D. S. BURTON.

The doctor's opinion was: "If this young man escapes the asylum he and his parents will be fortunate."  
The instructions in this volume will save many a young man from swelling the list of the unfortunate that are in the asylums all over the country.

No other one thing tends so strongly to bind and hold the early affection of a married couple as the bringing into the world of beautiful, healthy, intelligent, welcome children. To bring into the world unwelcome children is one of the most awful crimes of which the parents can be guilty. It brings a curse to the child, to the parents and to the world.

**Causes**—Hereditary influences are potent and common; a taint of insanity, or other grave nervous disease, may be generally traced in near or remote ancestors.

#### THE GREAT EVENT

##### The Beginnings of Life

If you desire beautiful children, fix your thoughts on beautiful things. If your desires lean more toward the intellect, employ your thoughts in study, and so in other directions. If the parents themselves are not pure in body, heart and soul, at the time of conception, they cannot hope to transmit these qualities.

**Value of Self Knowledge**—The difference between going through life adequately equipped with knowledge concerning the important functions of one's own organism, and blundering along in abject ignorance, may be compared to the difference between traveling in the daylight on an open thoroughfare, and going through a pathless thicket in darkness.

#### THE LADIES ROOM,.....

In a Detroit suburb, Dundee to be exact, a newborn baby was found in a ladies room wastebasket,.... It was in a state of non-living suspension,.... I imagine the stall and the pain and the echoed moans of lonely, desperate, anguished childbirth,.... I hope she was able to feel relief,.... I am sorry for the soul in the child,.... That soul will get another shot I do believe,.... So will the girl, I hope. It wasn't free.

*Jimmy, Dennis*

It's not all been said... been said and done...  
I've never slept 'in Satans bed...  
Though I must admit... still visits ~~my~~ place..  
Uninvited, as you know he dont wait...  
Funny how he always seems to fit in...  
Funny how I always want to give in...  
Sundays, Fridays, Tuesdays, Thursdays the same...  
Sometimes the special guest he dont like to leave....

Already.....in love. Already.....

Who made ~~the~~ made up... made up the myth?

That we born to be... covered in bliss...

Who set the standard? Born to be rich?

Such fine examples... Skinny little bitch...

Model, role model, roll some models in blood...

Get some flesh to stick, so they'll look like us...

I shit and I stink... Im real, join the club...

Id stop and talk, but Im already in love.....

Already.....in love. Already.....

torture, follows reward.. follows torture... follows...

Never shake Satans hand, look see for yourself..

You'd know it if I had, that shit dont come off...

I'll rise and fall, let me take credit for both...

Jump off a cliff, dont need your help, so back off.

I'll never suck.. Satans dick....

Again, you'd see it you know right round the lips..

I'll wait for angels... but I wont hold my breath...

Imagine they're busy... I'm doin okay..

ready.....you know. Already. got it? Good.

### WHOM TO MARRY OR NOT TO MARRY.

One of the greatest causes of unhappiness, nay, misery, in the world, is the steady adherence to the superstition that two young people who feel, when in each other's company, the sexual excitement that is so often mistaken for love, must marry. It is folly for which thousands upon thousands are constantly paying a most fearful price. Love! Why, love means self sacrifice. It means wisdom. Many a man for love has remained a bachelor all his life.

Nature has decreed that certain dispositions will antagonize certain other dispositions. Marriage is often so hasty that these faulty dispositions are not discovered until after marriage, when it is too late to retreat, no matter how much it may be desired.

- 1st. Two people of similar complexion and temperament should never marry. If they do it will prove a failure.
- 2nd. Two tall, slim people or two short, heavy-set people should not marry.
- 3rd. A nervous, fidgety person should never marry another nervous person.

- 4th. A man should never marry a woman who is given to finding fault, or who is peevish and "cranky," or who scolds her little brothers and sisters.
- 5th. A woman should never marry a man who is naturally inclined to be arrogant and cruel, or who is inordinately selfish.

Don't marry a girl whose chief aim in life is dress; who hangs around dry goods or millinery stores like butterflies around a gorgeous flower. To dress extravagantly is a blot upon any woman's character. When the activity of the mind is taken up with finery the soul grows pinched and lean, the mind fails to develop, and such a woman cannot make a decent partner for any sensible man. So, too, should no girl think of accepting any young man for a lover who is addicted to the use of liquor, or who spends his money in speculation or in fast living. She's such as you would an idiot or a fool.

The most important of these is the keeping alive and at its best the sexual desires. This is the highest part of your nature and should be held sacred. Constant or uninterrupted indulgence is sure to destroy its enjoyment and destroy happiness for both.

IMMORTALITY

Vacate is the word... "Vengeance has no place," he swears to her  
 "cannot find the comfort in this world..." Artificial tears...  
 Vessel stabbed, "Next up, volunteers..." Vulnerable, wisdom can't  
 adhere. A truant finds home. A wish to hold on. "But there's a  
 trapdoor in the sun. Immortality. As privileged as a whore....  
 Victims in demand for public show. Swept out through the cracks  
 beneath the door. Holier than thou, (How! This is a myth). Think  
 of it. Surrendered... Executed anyhow. Scrawl dissolved, cigar  
 box on the floor. A truant finds home. And a wish to hold on....  
 Saw a trapdoor in the sun. Immortality. Cannot stop the thought.  
 Running in the dark. Coming up a which way sign. All good truants  
 must decide... Stripped and sold, mom. Auctioned forever. And  
 whiskers in the sink... Truants move on. Cannot stay long....  
 Some die just to live....

 Just wanted to dance to bad music
